

# center for entrepreneurship

Faculty of Economics University of West Bohemia

*We strive for and support the development of entrepreneurship*

- Information service and consulting on entrepreneurship for students of the University of West Bohemia in Pilsen
- Active work with students in the area of entrepreneurship and the development of entrepreneurial potential
- Preparation and implementation of themed workshops/seminars, competitions, etc.
- Support of public-benefit entrepreneurship
- Support for establishing appropriate contacts and interconnecting a number of various entities (non-profits, the public and private spheres, individuals active in the business sphere, etc.)
- Research activity in the field of entrepreneurship and other relevant areas
- Support and participation in thematically appropriate project activities

*We are open to all UWB students and the public!*

- We welcome everyone who is active in entrepreneurship or wants to learn more about it
- The more entities that engage in our activities, the more mutual experience will be gained
